

BRITISH LABOR FOR
LEVY ON INDUSTRY
FOR UNEMPLOYEDTrades Union Congress Takes
Steps to Enforce Resolu-
tion Adopted.

PORTSMOUTH, England, Sept. 9.—The Trades Union Congress in session here, representing about 2,500,000 workers, adopted a resolution to-day declaring responsibility for unemployment shall be borne by industry, and that in no case should the level of income fall below 85 per cent. of wages earned when in full employment.

Power should be obtained to force levy on industry to raise the necessary fund, the resolution added, and action to this end will be taken.

By a large majority on a card vote the congress decided to replace the Parliamentary Committee, which had hitherto managed national labor affairs, by a labor general staff, or general council representing every distinct industry affiliated with the congress.

ALL HOLD-UP MEN
TO GET 20 YEARS

Judge McIntyre Says Conviction Before Him Spells Prison Penalty to Limit.

"Every hold-up man who comes before me and is adjudged guilty," Judge McIntyre announced in General Session to-day, "is going to Sing Sing for twenty years. They have murdered their hearts. If I can do anything to stop highway robbery and murder shall do it."

The announcement was made when two boys, Louis Falais and Michael Arbato, were brought before him for sentence after their plea of guilty to robbery in the third degree had been accepted. Judge McIntyre said their age and the minor degree of the crime gave him no option but to send them to Sing Sing Reformatory. He asserted, however, that had they been found guilty, as at first charged, of highway robbery, assault and receiving stolen goods after they had attacked and held Schultz of No. 35 West 115th street and taken \$8 from him, he would have sent them to State's prison.

800 VAN DRIVER PICKETS.

Unmolested by Police as Violence Is Not Attempted.

Eight hundred moving van drivers who are on strike were sent out to-day to picket storage warehouses and tables where vans are kept by J. J. Colonna, secretary and treasurer of local No. 275 of the Van Teamsters. In all sides of warehouses where it was possible for the strikers to walk they promenaded with big signs suspended from their shoulders which warned the public not to patronize the establishments.

There was no interference with them by the police, as they did not attempt to stop people from going in or out of the buildings.

MORE RIOTING IN TRIESTE.

Two Deaths Have Occurred and a Score Are Wounded.

TRIESTE, Sept. 8 (Associated Press).—The outbreaks here leading to street fighting between Nationalists and Socialists have been resumed. Two deaths have occurred and a score of persons have been wounded.

Intermittent firing was continuing all evening, despite the fact that strong squads had been placed along the streets.

Admitted Children to Movies.

Indorse Becker, eighteen-year-old ticket taker of the Golden Rule Theatre at No. 125 Livingston Street was sentenced to thirty days in the workhouse by the Justices of Special Sessions to-day. He was convicted for the second time of violating the law against admitting children under sixteen years of age to the theatre when not accompanied by an older person.

OLIVE THOMAS'S
CONDITION GRAVE

Husband Declares She Took Overdose of Mercurial Medicine By Mistake.

PARIS, Sept. 9 (United Press).—The condition of Miss Olive Thomas, movie star, suffering from mercurial poisoning in the American hospital at Neuilly, was reported to-day to be unimproved.

Dr. Joseph Choate of Los Angeles, who is handling Miss Thomas' case, said after a consultation with leading Paris specialists that while her condition was extremely grave he had not abandoned hope.

Jack Pickford, film actor and husband of Miss Thomas, who had been at the hospital constantly since she was taken ill, denied they had quarreled and said they had been living amicably at the Ritz. He said his wife had got hold of the wrong bottle and had taken an overdose of medicine containing mercury.

Dr. Choate said Miss Thomas was on the verge of a nervous breakdown from overwork and that as a result her system had failed to throw off the poison. Many American and French movie stars called at the hospital yesterday and to-day, and left flowers. Among them were Norma and Constance Talmadge, Lillian and Dorothy Gish, and Owen Moore, former husband of Mary Pickford.

NATIONAL COUNCIL
OF FIUME RESIGNS

Action May Indicate That Contest With D'Annunzio Has Come to Head.

FIUME, Sept. 9.—The Fiume National Council resigned to-day.

Guglielmo d'Annunzio, the insurgent soldier-poet in command at Fiume, issued a proclamation Aug. 30, announcing that a new state, comprising Fiume and several islands in the Adriatic, would be declared Sept. 11.

When d'Annunzio forecast his action the National Council of Fiume opposed the idea, an open break between the poet and the Council resulting. To-day's announcement may indicate that the contest between the two and d'Annunzio had come to a head.

HAYS SHOULD BE
FIRED SAYS COX

Governor Challenges Senate Committee to Call Chicago Republicans in Inquiry.

EN ROUTE WITH GOV. COX. GREAT FALLS, Mont., Sept. 9.—Will Hays, Chairman of the Republican National Committee, should be discharged as a result of testimony before the Senate Campaign Expenditures Committee yesterday, Gov. James M. Cox said here before leaving for Helena to open the second day's stump campaign in Montana.

Gov. Cox referred to statements of Dudley Blossom of Cleveland, who admitted he had been asked to raise \$400,000 in Cuyahoga County, Ohio—the quota Gov. Cox gave in his Pitts-

burgh speech. The candidate challenged the committee to call Chicago Republicans who, he said, have been raising the quota there.

Gov. Cox declared Chairman Hays had not only stood for unethical things in politics, but he did not tell

the truth under oath in Chicago. Referring to testimony of Blossom that paid agents of the Republican National Committee assisted in the Cuyahoga County quota, Cox charged that these workers were receiving from \$300 to \$500 a week.
